

We often have requests for copies of previous Festival songs ... a choir score or a piano accompaniment.

Our licences are valid for **one year only** and we are only allowed to use the song in the year of its Festival inclusion i.e. we can only use a 2018 song in 2018.

(The PSMF is not covered by the APRA/AMCOS schools agreement.)

YES – we can help	NO – we can't help
Affiliated schools (Metro or Regional): we can supply resources for that current year.	Non-affiliated schools

What if???

You would like a song from 1986!

If you have songbooks or CDs in your school:

- you **can** re- use these in another year
- as our song book is no longer deemed an 'original' you may not photocopy **anything**
- you can perform at school events according to the specific APRA/AMCOS guidelines

If you do not have songbooks or CDs in your school:

- we cannot give you a copy and you may not photocopy

What if???

Not all your students have song books or CDs for the current year?

Buy more CDs or access the sound files from the password protected section of the website.

In the case of song books, buy more, as copyright prevents us from uploading lyrics.

You may not copy anything.

Please refer to the fact sheet on our website for specific copyright information related to the Festival.

Still not sure? Contact the Director of Music at the office – domusic.psmf448@schools.sa.edu.au
